PREFACE.

The publication of the ninety-second number of the Boston Directory marks the fiftieth anniversary of the beginning of the work under Mr. George Adams, the founder of the Boston Directory office. When he took hold of the publication in 1846, it was a small book, three and one-half by six and a quarter inches in measurement, containing 26,488 names, including 301 "people of color" in the back part of the book. Mr. Adams added a Business Directory, with various other improvements, and continued in the business till 1865. But to Mr. George Sampson is due largely the credit of directing the growth and development of this publication for nearly half a century. He entered the business with Mr. Adams in 1847, and for many years gave it his careful attention and most earnest labors. Becoming a partner in the firm of Adams, Sampson, & Co. in 1857, the senior member of Sampson, Davenport, & Co. in 1866, and of Sampson, Murdock, & Co. in 1885, he continued to take the deepest interest in this and the numerous other works published by the firm, although the last fifteen years of his life have been largely spent in travel, and in helping the unfortunate and needy, hundreds of whom will ever hold him in grateful remembrance for his benefactions. He passed away January 30, 1896, at the age of 70, greatly loved and respected by all, for his sterling worth, strict integrity and noble generosity. His portrait appears opposite our title page.

Attention is directed to the table of changes below, showing the very large increase in names this year, and also the largest per centage of changes in the alphabetical list ever recorded. The other departments have also been extended, as will be seen by examining the Index to Contents on page 3.

The publishers wish especially to acknowledge the courtesy and valuable assistance of the city officials, officers of societies, institutions, and others, which are indispensable to make a correct work of this kind, and also to the many patrons, who during the business depression have continued their strong support to this enterprise.

Having received the patronage and confidence of the public so many years, we consider it our duty in return to caution all against spurious Directory concerns that have been at work in Boston and other cities, collecting money on forged or raised orders, for books that have no circulation whatever beyond the ones carried by the solicitors. Some of these swindlers have been arrested and punished, but there are others still operating, and our patrons are cautioned not to pay any doubtful orders to strangers working under some high sounding title, nor sign any "cash voucher," or any other voucher, a portion of which can be erased with acids and an order printed over a genuine signature, or else so worded that by cutting off one end it is altered from a receipt to an order for further payments. Also beware of all canvassers who attempt to *collect in advance* of publication.

We have also on trial, with every prospect of success, a suit against parties who issued a Business Directory here; they have freely copied from our publications, and their books being issued several months later than ours, are not correct and reliable, on account of the many changes occurring between the issue of our books and theirs. We desire to protect the public as well as ourselves from all such impositions and piracies, and we hereby give notice that we shall proceed against all who thus infringe the copyrights of our books.

NEW ENGLAND

Telephone and Telegraph Co.

PRIVATE LINE AND SPEAKING TUBE INSTRUMENTS.

We construct and maintain Private Lines, and lease telephones and lines to parties desiring to connect two or more places, each with the other, without passing through the Central Office Exchange. We also furnish telephones for "Speaking Tube" purposes for use in hotels and other buildings, by which means each room may be connected with the office or janitor, and with every other room in the building.

In view of the fact that telephone instruments are of necessity of delicate construction and peculiarly subject to accidental injuries and to defects which can be found and remedied only by experts, it is our opinion that the requirements of our patrons will be better satisfied by lease, thus securing to the lessee the privilege of returning defective instruments for replacement or repair, than by the sale of the limited portion of the telephone equipment which can be sold, and the assumption by the purchaser of risks of defects and the expense of repairs and depreciation.

Users of telephones and transmitters leased from this Company secure the advantages of inventions and improved instruments which are not the subject of sale.

As the style of instruments and apparatus required will depend upon the conditions under which the system is to be operated, each case should be considered separately, and for this reason we suggest that parties desiring to lease instruments for the purpose herein described make application to the general office of the Company, stating fully their requirements.

The Company will be pleased to furnish any information desired, upon application to its Executive Office, 125 Milk St., Boston, Mass., or by calling for Telephone, Boston 782.

A DESCRIPTIVE CATALOGUE WILL BE MAILED TO ANY ADDRESS UPON REQUEST.

BOSTON STREET DIRECTORY.

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Franklin Street the DIRECTORY OFFICE, No. 155, is located, you look at Franklin Street, upon page 39, and find that Federal Street runs from 131, and Congress Street from 163, showing that 155 Franklin would come on the right, between Federal and Congress, the fourth door from Congress.

The Ward numbers show the NEW WARDS, taking effect January 1, 1896.

Streets in wards 1 and 2 are located in EAST BOSTON; those in wards 3, 4 and 5 are in CHARLESTOWN; those in wards 13, 14 and 15 are in SOUTH BOSTON; those in wards 17, 18, 19, 21 and part of 22 are in ROXBURY; those in ward 23 and part of 22 are in WEST ROXBURY; those in wards 16, 20 and 24 are in DORCHESTER; those in ward 25 are in BRIGHTON.
